

Subject: Request for Lecture Notes and Updates

Dear English Professor,

I hope this message finds you well.

I was unable to attend your class on 1st of October, I was ill so doctor suggested to get a full day bed rest for faster recovery.

As I was absent you might have taught important notes which would be useful for upcoming examination, I need to catch up on the material covered. I request a copy of the lecture notes or slides.

I also wanted to know if there were any important announcements or updates I may have missed. If yes please let me know.

Thank you very much for your time and support.

Best regards, Team 13 (Team Leader : P. Nivedith)
